

Make It Last

Thelma Houston

Everything that I need belong to someone else
Still I wait for you, wondering if you can come to me
And I ache as I wait, I know how far I've come
And I can't go back... oh baby, here you come

So make it last, make it last
And take it on through the night
Oh honey, make it last, make it last
And hold back the morning light

Close your eyes, let's pretend this will never end
Oh, I'm lost in you, and there's nothing at all I can do
It's too late, it's too good... mm, I'd walk away if I could
And I know it's wrong, tonight belongs to me

Hey, so make it last, make it last
And take it on through the night
Oh, oh honey, make it last, make it last
And hold back the morning light
Come on, come on, honey
Make it last, make it last
And don't let me love you last [?]
No, no, baby make it last, make it last
And hold on to me all night

Almost time, I know, the fire's burning low
Come here to me, it's so hard to let you go
So stay with me, so stay with me, baby...

Come on, come on
Make it last, make it last
And take it on through the night
Oh, oh, make it last, make it last
And hold back the morning light
Ooh baby, make it last, make it last
Make it last, make it last

Make it last, make it last
And take me on through the night
Come on, come on, come on, come on baby
(Make it last) make it last
(Make it last) make it last, baby
Oh, oh, oh... (make it last, make it last)
Make it last, baby, baby
Make it last, make it last
And take it on through the night...
