

Kitchen Flowers

Them & I

Love, forbidden
The words poured out her eyes before she spoke
Held or given
Bet he knows that it was never his to hold

Mmm...

Late nights and red wine
Help him to forget the truth
Blank thoughts and burnt Christmas cards
Help her to become somebody new

Please, babe (Tell me that we'll meet again)
For your sake (I can change, be better than)
I can't be the person that you want (Anyone, anyone you want)
Find love (I'll spend years just trying to find)
In tighter arms (Parts of you in other eyes)
I promise you, you're better than the rest

Mmm...
