

My Cold Bones

Them & I

Wiping the tears that already dried
The loves still there, but the moment died
Yeah, the moment died
No idea why we're saying sorry
It's not our fault that the timings horrid
No, it was touch and go

Now it's over, we shouldn't care
It's hard to mourn something that wasn't there
When my cold bones yearn for your warm soul
And there is nothing I wouldn't trade
To just go back and save this thing from happening
Save it from happening

So, I guess I'll say goodbye (Love, love, love, love, love me,
won't you love me)
It's good enough we tried (Don't give up, up, up, I know there
is something that don't want us to wake up)
Sometimes two beautiful bodies (But I don't care, you'll always
be enough)
Were never meant to collide (I don't care no, I don't care)
Oh it wasn't in our minds (Love, love, love, love, love me, won'
't you love me)
To just feel so alive (Don't give up, up, up, I know there is s
omething that don't want us to wake up)
Take this splintered heart over (But I don't care, you'll always
s be enough)
Just looking from afar (I don't care no, I don't care)
