

## Bent Over You

Them

Woman, you're never satisfied  
You're twisting me with something you've got inside  
Something you've got inside keeps pushing me there  
And I can't stop, I can't stop, I can't stop  
Yeah, you've twisted and bent, and you've bent, and you've twisted my mind  
Now you've got me bent over you  
Bent over you

Now you've got me where you want me  
Still, woman, woman, you taunt me  
You're taunting me and I'm losing control  
And I can't stop, I can't stop, I can't stop  
Yeah, you've twisted and bent, and you've bent, and you've twisted my mind  
Now you've got me bent over you  
Bent over you

Woman, you're never satisfied  
I've lost control and I'm twisted inside  
But woman, you still keep on pushing me there  
And I can't stop, I can't stop, I can't stop  
Yeah, you've twisted and bent, and you've bent, and you've twisted my mind  
Now you've got me bent over you  
Bent over you
