

## Don't Start Crying Now

Them

You ain't never had to cry baby  
Don't start cryin' now  
You ain't never had to cry baby  
Don't start cryin' now  
You never did it before  
Don't do you know good no how

Cry cry baby, cry cry, all night long  
Cry cry baby, cry cry, all night long  
You're gonna wake up in the mornin'  
And find your good man gone  
Well, you brag 'bout your woman  
Take one look at mine

Well, you brag 'bout your woman  
A take one look at mine  
She's as sweet as any angel  
Make-a love most all the time

Cry cry baby, cry cry all night long  
Cry cry baby, cry cry all night long  
You might wake up in the morning  
And find your good man gone

Well, I sent for you yesterday  
Here you come walkin' today  
Well, I sent for you yesterday  
Here you come walkin' today  
Got you all fired up  
And don't know what I said

Cry cry baby, cry cry all night long  
Cry cry baby, cry cry all night long  
Gonna wake up in the mornin'  
Find your good man gone

Well, cry cry baby, cry cry all night long  
(Well) cry cry baby, cry cry all night long  
You're gonna wake up in the mornin'  
And find your good man gone
