

## Square Room

Them

Silver rainbows on my mind  
Can't think of nothing but loving kind  
Rolling sun up in the sky  
Beautiful dreams because I'm high

(Square room) Just one table  
(Square room) Just one table  
(Square room)

Hippies count the beat in the square  
If you want it you'll find it there  
Leaving people peace in mind  
Escaping from the murderous kind

(Square room) Just one table  
(Square room) Just one table  
(Square room)
