

# Heartbreaker

Theophilus London

You enter emotion, and yes, I enter perception  
She gets a lil closer, and I was gettin' all interested  
Hopped in the two door, bicker like a schoolboy  
When we headin' to the lake  
Show me, show me, show me, erratic? Nah, just after the break

(Oh oh oh) Talkin' bout tonight  
(I feel you want me) I can read the signs  
(So take me further) Galaxy arrives  
(To be a heartbreaker) In the night

(The man is?)  
My friend? Said yes  
I think you're sweet and innocent  
But goddamn, when I take off that dress  
I'm over? To impress  
(Damn, the guy can't lie)  
So tell me, tell me what's next  
(Sing to the moon, hear the sunrise)  
Uh, pina glizzy-oh  
Lvahs in this hole  
F\*\*k yo politics, f\*\*k yo 9 to 6  
Girl, lemme kiss yo lips  
When I dip, you dip, we dip  
I'm on my guack and salsa s\*\*t  
Take a hit! Whenever had a taste like this  
Only bosses floss like this

(Oh oh oh) Talkin' bout tonight  
(I feel you want me) I can read the signs  
(So take me further) Galaxy arrives  
(To be a heartbreaker) In the night
