Eat me alive
I can't say no
Need me tonight

Me, eat me alive
I can't say no
Need me tonight
Take all of me
Eat me alive
I can't say no

Take all of me
Eat me alive
I can't say no
You need me tonight
Need me tonight
You need me tonight
You need me tonight
All of me

I see you tonight
Look at the stars
You see they bright
Take all of me
You can have my love
You can have my life
That rings all of me

Well it don't mean much
It don't mean much
And I can't say no
Need me tonight, take me
Take all of me

Alive, alive
Alive, oh
Take all of me
Eat me alive
I can't say no

Eat me alive
'Cause, I can't say no
If you need me tonight
Need me tonight
You need me tonight, girl
You need me toonight
Look beside, look at the sky
All of the stars, all of them yours
Just all of them yours, girl
All of them mine and all of them yours, girl
I know we've spent some time, time
Time is all we have
Go out in sunrise
Nobody, I'll be your man
I'll be your man
You understand
All, all that I am, yeah

All that you are
All that I am
So I can't say no
If you need me tonight
I'm all that I am
All that I'm meant
You're all that you are
All that you are
Ain't no rain
Ain't no day
Change my mind
Buy you up
Buy you girl
You are who you are
So take all of me
Eat my rain
Eat my arm
