

All Or Nothing

Theory Of A Deadman

Hmi	D	A
When i first	saw you	standing there

E

You know it was a little hard not to stare
So nervous when i drove you home
I know being apart is a little hard to bare.

Send some flowers to your work an home
So that i will have you in my arms again

Hmi D A

We kissed that night before i left

E
And now thats something

G

I could never forget

G **A**
You\'ve got all that i need

G
Looking at all or nothing

A **Hmi**
Babe it\'s you and i
With you i know that
I am good for something
So lets go give it a try

G **D**
We got our backs against the ocean

E
It\'s just us against the world

G
Looking at all or nothing

A	Hmi
Babe it\'s you and i	
Looking at all or nothing	
Babe it\'s you and i	

Lets take a chance go far away today
And never look back again
Since i said i loved you in Las vegas
It\'s never been the same since then

You\'ve got all that i need
Looking at all or nothing
Babe it\'s you and i

With you i know
I am good for something
So lets go give it a try
We got our backs against the ocean
It\'s just us against the world
Looking at all or nothing
Babe it\'s you and i
Looking at all or nothing
Babe it\'s you and i

G	A
This is it nothing to hide	

G **A**
One more kiss never say goodbye

G **A**
This is it babe your all mine

G
Looking at all or nothing

A **Hmi**
Babe it\'s you and i
I know that i am good for something
So lets go give it a try
We got our backs against the ocean
It\'s just us against the world
Looking at all or nothing
Babe it\'s you and i
With you i know that
I am good for something
So lets go give it a try
