

To feel some freedom  
You need to be locked in first  
It feeds my problem  
The fear of letting go  
But now I feel weightless  
'Cause you put water in my heart full of fire  
My universe is balanced  
'Cause I can see the shining light at the end of

Life  
You know I can't do it on my own  
I need you here  
'Cause you're my dream my destiny

There is so much thing that I'm trying to do  
There is so much word that I'm trying to say

To feel some power  
You need to fall down deep  
See those stars  
One day you'll get a hold of it somehow

Life  
You know I can't do it on my own  
I need you here  
'Cause you're my dream my destiny

There is so much thing that I'm trying to do  
There is so much word that I'm trying to say

Time changes but not my soul  
If it's you that I've waited for  
If I let it out, what's on my mind  
I would say nothing  
Nothing but your name

There is so much thing that I'm trying to do  
There is so much word that I'm trying to say  
There is so much thing that I'm trying to do  
There is so much word that I'm trying to say
