

Hey Satan - You Rock

Therapy?

Wanna spend my whole life drunk, never wanna give a fuck
Wanna walk through gates of heaven, backstage pass in hand
St. Peter, park my car, there's angels on my mind
Fix me up some manna, where d'ya keep the wine?

Venom on the jukebox
Postcards to hell, hey Satan - you rock
Get me Mary, she's a fox
Postcards to hell, hey Satan - you rock

Hey Satan - you rock

I wanna spend my whole life drunk, never wanna give a fuck
Wanna storm through gates of heaven, backstage pass in hand
St. Peter, park my car, there's angels on my mind
Take me through to see the big man, where d'ya keep the wine?

Venom on the jukebox
Postcards to hell, hey Satan - you rock
Get me Mary, she's a fox
Postcards to hell, hey Satan - you rock

Hey Satan - you rock

Venom on the jukebox
Postcards to hell, hey Satan - you rock
Get me Mary, she's a fox
Postcards to hell, hey Satan - you rock

Hey Satan - you rock
