

Lunacy Booth

Therapy?

Reveal yourself to me
Like cheap pornography
Picking at my guilt
With promises of hell

Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know

Glad my mirror's broken
My image is a burden
I want to lose myself
In the coming of the Lord

Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know

Reveal yourself to me
I wanna lose myself
Reveal yourself to me
I wanna lose myself
Reveal yourself to me
I wanna lose myself
Reveal yourself to me
I wanna lose myself

Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know

Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know
Christ, revealed
Sin it's all that you know

You're just the same as me
You're just the same as me

You're just the same as me
You're just the same as me
You're just the same as me
You're just the same as me
You're just the same as me
You're just the same as me
