

# Shitkicker

Therapy?

This is warning number one  
Next time we're back we'll bring the gun  
And I won't take this shit from you  
You'll be swimming in cement shoes

You're just nothing  
You're just nothing

I'm the king of this town  
Don't you fuck me around  
A man of people, me  
My people never be free

You're just nothing  
You are nothing

Get down on your knees  
You're nothing but a little piece of shit  
Take your orders from me  
I run this town

You're just nothing  
You are nothing
