

Still Hurts

Therapy?

Help me, I'm stuck
Marooned inside my skull

I can't escape
A prison I can't break

These feelings never help me
I want an easy mind
I hear the judge is judging
Shut up, shut up
Shut up, shut up
Shut up

Each year
It gets worse
It won't stop
Still hurts

I give up, you've won
I give it all to you

I'm helpless, I'm dumb
I've watched the world on mute

These feelings never help me
I want an easy mind
I hear the judge is judging
Shut up, shut up
Shut up, shut up
Shut up

Each year
It gets worse
It won't stop
Still hurts

Each year
It gets worse
It won't stop
Still hurts

Each year
It gets worse
It won't stop
Still hurts
