

## Your Mistake

There for Tomorrow

The air is tired in this place  
my consciousness is lost  
Are you satisfied to see me now

Do you like what you see?  
Why are we so empty?  
Your sense and understanding  
Wish I caught this before  
When I had time for explanation

Are you rise [?] to see me fail this many times?  
Caught up in a lie when you think you are right

Do you like what you see?  
Why are we so empty?  
Your sense and understanding  
Wish I caught this before  
When I had time for explanation

Your advice was taken

Why are we so empty?  
Your sense and understanding  
Wish I caught this before  
When I had time for explanation

Why not pay attention  
to all that is inside  
Wish I caught this before  
When I had time for explanation

Your mistake!
