

## I Wasn't Listening

## They Might Be Giants

I wasn't missing it  
I wasn't listening  
I turned away  
When I heard them say  
It's Dial-A-Song

I always had my doubts  
So I just tuned it out  
I didn't know  
Why they had to crow  
About Dial-A-Song

My mind is a desert  
And it's the horizon line  
My soul was destroyed  
Now it fills the void  
The songs on that telephone line

I could be guessing wrong  
But I'm still hanging on  
I'm still on the ropes  
Stuck on my hopes  
For Dial-A-Song
