

# Impossible

## They Might Be Giants

Well, they said I was impossible  
Yes, they said I was impossible  
And that someone who behaved like me  
Couldn't be, couldn't be

But I knew that I was possible  
Not completely unbelievable  
And the one they said could never be  
It was me, it was me

But there's something else they didn't know  
You can change your shape and you can grow  
Out of nothing into something new  
Something made up into something true

Though it happens quite impossibly  
The impossible turns out to be  
Possibly

Doh-doh doh-doh  
Doh-doh doh-doh

Well, I'd like to be an octofish  
Yes, I'd like to be an octofish  
That's the thing that I would like to be  
Octofoo, octofee

But they tell me it's impossible  
Yes, they say it is impossible  
It's a thing that I can never be  
Never be, never be

But there's something else that they won't say  
You might be one kind of fish today  
But tomorrow everything could change  
You could turn into an octoflange  
Though it happens quite impossibly  
The impossible turns out to be  
Possibly

If you wish you had violet hair  
That flows from your room down the stair  
If you want to run as fast as a car  
Or just want to be more like you are

Though it happens quite impossibly  
The impossible turns out to be  
Possibly
