

## Lake Monsters

## They Might Be Giants

Lake monsters of the USA  
From Cape Cod, to Massachusetts  
All across America  
From Chicago to East California

You might be asking yourself  
Is this a different world?  
Are they really there?  
Thank your lucky stars

Lake monsters of the USA  
Just looking for a polling station  
If it takes the cloak of darkness  
Their voices will be counted

You might be asking yourself  
What happened to this world?  
But they're not ashamed  
They cannot be tamed

No hypnosis like a mass hypnosis  
Cause a mass hypnosis isn't happenin'  
No hypnosis like a mass hypnosis  
Cause a mass hypnosis isn't happenin'

Oh the silence!  
Oh the silence!
