

# Let Me Tell You About My Operation

They Might Be Giants

Oh, let me tell you all about my operation

Smile wide, scrub side, feet on the dash  
I'll sleep the whole damn day  
Slow lane, propane, empties for cash  
Rear-view mirror thrown away

Oh, let me tell you about my operation  
Doctors removed your memory (Très bon!)

Ground floor, screen door, yelling inside  
I think you know the scene  
Front lawn, break of dawn, clothes on the ground  
How could you be so mean?

Oh, let me tell you about my operation  
Doctors removed your memory  
Oh, it's good news; it's just a quick procedure  
Find happiness through surgery

Oh, let me tell you about my operation  
Doctors declared I'm better now  
Our liaison
