

Marty Beller Mask

They Might Be Giants

I'm steaming up the inside
Of my Marty Beller mask
'Cause I'm really Whitney Houston
On the drums

It's been 15 long years
Since I put on the Marty mask
You're the only person
That I've ever told

Don't walk away from me
I will always love you
But how will I know?
Trick or treat?

I can see you through the eye holes
Of my Marty Beller mask
But I'm really Whitney Houston
On the drums

I was disenchanted
Stardom was so fake
That's when I got back
Into the drums

Marty was convenient
A vessel for my dream
I knew exactly
How to fill his shoes

Don't walk away from me
I will always love you
But how will I know?
Trick or treat?

I can see you through the eye holes
Of my Marty Beller mask
But I'm really Whitney Houston
On the drums

Marty gets the mansion
And I get his skins

Don't walk away from me
I will always love you
But how will I know?
Trick or treat?
I am steaming up the inside
Of my Marty Beller mask
'Cause I'm really Whitney Houston
On the drums
Look again, this isn't Marty
On the drums
I am really Whitney Houston
