

# The Mesopotamians

## They Might Be Giants

We've been driving around  
From one end of this town to the other and back  
But no one's ever seen us (No one's ever seen us)  
Driving our Econoline van (And no one's ever heard of our band)  
And no one's ever heard of our band

We're the Mesopotamians  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh

Then they wouldn't understand a word we say  
So we'll scratch it all down into the clay  
Half believing there will sometime come a day  
Someone gives a damn  
Maybe when the concrete has crumbled to sand

We're the Mesopotamians  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh

The Mesopotamish sun is beating down  
And making cracks in the ground  
But there's nowhere else to stand  
In Mesopotamia (No one's ever seen us)  
The kingdom where we secretly reign (And no one's ever heard of our band)  
The land where we invisibly rule

As the Mesopotamians  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh

This is my last stick of gum  
I'm going to cut it up so everybody else gets some  
Except for Ashurbanipal, who says my haircut makes me look like a Mohenjo-Daren

Hey, Ashurbanipal  
I'm a Mesopotamian  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh

We're the Mesopotamians  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh

"Hey, man, I thought that you were dead  
I thought you crashed your car"  
"No, man, I've been right here this whole time playing bass guitar  
For the Mesopotamians"

We're the Mesopotamians  
Sargon, Hammurabi, Ashurbanipal  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh

We're the Mesopotamians  
Sargon, Hammurabi, Ashurbanipal, and Gilgamesh
