

Brutally Honest

THEY.

'Mano

Honestly

It's gettin' harder and harder to keep the pieces all together

Yeah, honestly

I gotta get right (Uh)

Can't see the pain on me (Uh)

I'm gettin' better and better at hidin' it under the surface

But I still can't sleep

I gotta get right

Okay, look

My mama told me that this shit was gon' pass

(My mama told me that this shit was gon' pass)

Savor the moments 'cause you know they don't last

(Savor the moments 'cause you know they don't last)

I'm gettin' older and older, and these years keep blowin' by me
so fast

In the new 'Cedes Benz, with these thoughts racin' through my head
again

I know that I gotta do better

Rain or shine, gotta play through the weather

Demons in my sight and they just won't let up

Wish they'd let up

Conversation with myself, I'm talkin'

Honestly

It's gettin' harder and harder to keep the pieces all together

Yeah, honestly

I gotta get right (Uh)

Can't see the pain on me (Uh)

I'm gettin' better and better at hidin' it under the surface

But I still can't sleep

I gotta get right
