

## Deep End

THEY.

No, I know 'round the way  
That's just how it is  
Yeah, I do it for no reason  
That's just how it is  
I deserve somethin' different  
Than the average  
If you in town for the weekend  
Give me a blessin'  
I ain't gon' judge ya  
We don't know better  
I ain't the only nigga  
So there ain't no pressure  
Just come and get it  
I know you're ready  
It's automatic

Give it to me, ain't no time to play  
Won't hesitate, when I'm divin' in  
Swimming so deep in your water  
Vision blurry, vision blurry  
We're going off the deep end (vision blurry, vision blurry)  
Drowning for the weekend (vision blurry, vision blurry)  
I don't need a reason (vision blurry, vision blurry)  
Put it all on me (vision blurry, vision blurry)  
I see you're greedy (oh nana, oh na-nana)  
You must be feanin' (oh nana, oh na-nana)  
Don't worry you gon' get your treatment (oh nana, oh na-nana)  
Put it all on me all, all on me (oh nana, oh na-nana)

Oh nana, oh na-nana  
Oh nana, oh na-nana  
Oh nana, oh na-nana  
Oh nana, oh na-nana

Long days  
She been workin' long days  
Main nigga got no juice  
She been waitin' on this all week  
Four seasons  
Get it poppin' off like Pompeii  
Parked up, Mauro  
She wanna get up on me in the broad day  
Real shit  
Did that one time  
Your type be catchin' them feelings  
They never on time  
I ain't been trustin' no bitches in Rio  
Way back in 09'  
We gonna see if with me if we can keep it together or nah

Give it to me, ain't no time to play  
Won't hesitate, when I'm divin' in  
Swimming so deep in your water  
Vision blurry, vision blurry  
We're going off the deep end (vision blurry, vision blurry)  
Drowning for the weekend (vision blurry, vision blurry)  
I don't need a reason (vision blurry, vision blurry)

Put it all on me (vision blurry, vision blurry)  
I see you're greedy (oh nana, oh na-nana)  
You must be feanin' (oh nana, oh na-nana)  
Don't worry you gon' get your treatment (oh nana, oh na-nana)  
Put it all on me all, all on me

Going off the deep end (deep end)  
Drowning for the weekend (weekend)  
We don't need a reason (reason)
