

## Deep End

THEY.

Goin' off the deep end  
Drownin' for the weekend  
We don't need a reason  
Put it all on me  
Goin' off the deep end  
Drownin' for the weekend  
We don't need a reason  
Put it all on me

No, I know 'round the way  
That's just how it is  
Yeah, I do it for no reason  
That's just how it is  
I deserve somethin' different  
Than the average  
If you in town for the weekend  
Give me a blessin'  
I ain't gon' judge ya  
We don't know better  
I ain't the only nigga  
So there ain't no pressure  
Just come and get it  
I know you're ready  
It's automatic

Give it to me, ain't no time to play  
Won't hesitate, when I'm divin' in  
Swimming so deep in your water  
Vision blurry, vision blurry  
We're going off the deep end  
Drowning for the weekend  
I don't need a reason  
Put it all on me  
I see you're greedy  
You must be feanin'  
Don't worry you gon' get your treatment  
Put it all on me all, all on me

Long days  
She been workin' long days  
Main nigga got no juice  
She been waitin' on this all week  
Four Seasons  
Get it poppin' off like Pompeii  
Parked up, Mauro  
She wanna get up on me in the broad day  
Shit, real shit  
Did that one time  
Your type be catchin' them feelings  
They never on time  
I ain't been trustin' no bitches in Rio  
Way back in 09'  
We gonna see if with me if we  
Keep it together or nah

Give it to me, ain't no time to play  
Won't hesitate, when I'm divin' in

Swimming so deep in your water  
Vision blurry, vision blurry  
We're going off the deep end  
Drowning for the weekend  
I don't need a reason  
Put it all on me

You can put it all on me  
Put that all on me  
You can put it all on me  
And she knew that  
Yes you know that  
If I ever, ever change, I never go back  
Like I never called in the first place  
You know who I am in the worst way  
Worst days get brighter, what I learned  
You a damn fool with the wordplay  
What the link read? I don't parlay  
No guilt trips, black Barbies  
Still my main main, girl, I'm sorry  
I'm just balling 'cause I'm young  
You can put it all on me  
Put that all on me  
You can put it all on me  
And she knew that  
Yes you know that  
If I ever ever change, I never go back  
You blaming my ways now  
Searching for a way out  
But it ain't no options  
Let the wolves up out the cage now  
THEY., IshDARR, make them fuckers head shake now  
Nah nah nah nah  
So you can put it all on me

(Drownin' for the weekend)
