THEY.

Down bad, I been up ever since I met you, babe (Met you, babe)  
I know that you gon' reply if a nigga text you, babe (Brrt, brrt, brrt)

Probably do twenty-five if a nigga asked you, babe  
Plus, you got that ass on crazy  
Make me wanna half on a baby

Mm, pussy so good, got me bustin', breakin' my rules  
I would drive a couple hundred miles just to get that ass in my coupe  
Never playin' games with your heart  
Can't take a chance I might lose  
I don't know how you do what you do, but

Girl, you the coldest  
I think you know it  
Some call you crazy  
I call you, "Baby"  
Sex in the moonlight until the sunrise  
Some call it crazy  
I'll call you  
I'll call you, "Baby," yeah, yeah (Yeah, yeah)  
I'll call you, "Baby"  
I'll call you, "Baby," yeah, yeah (Yeah, yeah)  
I'll call you (I'll call you), I'll call you

I ain't finna lie, lie, lie (Ayy)  
You my little ride or die (Ayy)  
Lay up on the bed, spread open your legs, eat it, apple pie (Ayy)  
Make a nigga spend some bands just to put your hand on ice (Ayy, ayy)  
Make me tear the roof off the fuckin' coupe, hit it in the blue moonlight

Mm, pussy so good, got me bustin', breakin' my rules  
I would drive a couple hundred miles just to get that ass in my coupe  
Never playin' games with your heart  
Can't take a chance I might lose
