

## Rotation

THEY.

Late nights, almost ten past 2:00  
Po' sum'n, make it go in smooth  
Grip tight, I can barely move  
Baby, you been on my mind  
Late night, so you know what I'm on  
Pull up, I ain't gotta stay long  
All night we be playing my song, playing my song

Keep that in rotation  
Keep that in rotation  
Keep that in rotation  
Keep that in rotation

Good head, knowledge  
Three cups, I'm vibin'  
Sexually violent  
Checktually thriving

Hop on and ride it  
Come get this mileage  
Switch up, lemme drive it  
Switch up, let you take shotty

Touchin', caressin'  
While I'm stripping you naked  
Tie both of your hands up  
Love watching you take it  
Applying the pressure  
Oh, you got me so anxious  
Don't talk to me nasty  
I'm not the one you should play with

Finna slide up the curb in a Bentley sedan  
Take your phone off DND, I'ma call in advance  
And I know it's been a while but I'm takin' a chance  
Heard that nigga that you wit' ain't go according to plan  
Girl, the way you got me geeked really turning me on  
Yeah, I know you be on games, but I'm playing along  
Tryna see how it feels, how it fit in my palm

Touchin', caressin'  
While I'm stripping you naked  
Tie both of your hands up  
Love watching you take it

Applying the pressure
