Stop Playin'

THEY.

I've been patiently waiting
Ooh, knock up on your door like

You've been patiently waiting
For me to knock up on your door like
Baby, tell me stop playing
I'm fiendin' and you keep teasing
I'm 'bout to have you on the floor like
Baby, better stop playing

One time I'ma say this shit
Playing games, I don't play that shit
Come and pull up on some grade A dick
Sorry, dude, let me pay that shit
Spread that shit, uh
Bring it closer, let me taste those lips
Before you leave, give me one more kiss
Tell your girls how I ate that shit

Finna pull up, I've been drinking
Let me get up in it right now

You've been patiently waiting
For me to knock up on your door like
Baby, tell me stop playing
I'm fiendin' and you keep teasing
I'm 'bout to have you on the floor like
Baby, better stop playing

Yeah, I was thinking you could take me back home
Take me up to your room
Take your ass out of them clothes
Watch me flip that, hit it from the back
Don't make me chase that, I'ma beat them brakes back
Can you take that? I'll let you taste that
Give you that face mask, oh, don't you waste that

Finna pull up, I've been drinking
Let me get up in it right now

You've been patiently waiting
For me to knock up on your door like
Baby, tell me stop playing
I'm fiendin' and you keep teasing
I'm 'bout to have you on the floor like
Baby, better stop playing

I've been patiently waiting
Ooh, knock up on your door like
