

Tell Me

THEY.

Flip the switch, needing light
Blowing smoke to pass the time
Give an inch, losing miles
'Til I slowly fall behind
Somebody tell me what to live for?
Knocking at the same doors can't get in
I'm dying just to get more
Screaming at the sky "Lord answer me"

I'm a prisoner of my mind
I live inside of my pain
In solitary confines, no visitors allowed on my cage
I got rank like I'm Shabba, that's why a nigga stay behind shades (let's go)
I got plan behind these Pradas and I got shame behind my rage (yeah)
Never let 'em see sweat
Rag on my head like Raja bless a day, hit 'em in the ribs as a kid
Lotta shit changed since then, seen real nigga do fake
Seen phony niggas gettin' bread, put some on the books from the crooks and the county
You ain't one of us get the fuck from around me
Money on my mind so I look like a bounty
Twelve jumpin' out of foot to surround me
They can't hold me, AK loaded
Young Fresco got a MAC like Goldie
Call Lil' Moe, he'll whack your homie
Violent thoughts, I'm sad and lonely
How these hoes tryna Average Joe me?
Like a nigga ain't God level
Go tooth and nail with my demons
I'ma raise hell 'till I'm on God level somebody...

tell me what to live for? (Let's go)
Knocking at the same doors can't get in (hey)
I'm dying just to get more
Screaming at the sky "Lord answer me"
Give me a sign, losing my mind
Losing it for real this time
Tell me what to live for?
Screaming at the sky "Lord answer me"

"What's up bro? This is Mar dawg
Give me y'all shout out man, hope everything's going great for you
Hope everything's going great for the tour, Drew Love and the entire
THEY. camp
Take the world by storm. Stay positive with every step that you guys
do, stay together, grind hard on
Outwork the competition and always have belief. Belief in yourself, belief
in the camp and belief in God
Love life and live life. I love you man"
