

Thrive

THEY.

No regrets over here, bruh
If I die, you gon' tell 'em where I am though
Never lie, know these niggas ain't my friends, bruh
I'm just coming for what's mine here in this song, in this song
(No regrets, no regrets)

Feels like I'm running in place
Fuck you niggas to your face
Flip the script and rip the page
Scoop the money, then I skate
Couple chickens in the chase
We could blow a wild blaze
Draymond when the game's on
No you're never falling for the fake
Semi soldier at the plate
I'ma go down with the grace
Feeling like Raakwon with the links on in the daytime, nigga
Feel like I'm OJ duckin' from the chase when the break's on, ni
gga
Balling like Clayton, from the Draymond, from the baseline, nig
ga
Fuckin' a new bitch, with my old bitch on my face time, nigga

No regrets over here, bruh
If I die, you gon' tell 'em where I am though
Never lie, know these niggas ain't my friends, bruh
I'm just coming for what's mine here in this song, in this song
(No regrets, no regrets)

Fuck you niggas
Fuck your bitches, take your riches
Fuck your feelings
No Regrets is Nu Religion
Fuck you niggas
Fuck your bitches, take your riches
Kevin Nash, flexin' on my competition

I'm just tryna thrive, pray every night
And my niggas alright
Never lookin' back, as the days go by
Never lookin' back, I live my life with no regrets
I'm just tryna thrive, pray every night
And my niggas alright
Never lookin' back, as the days go by
Never lookin' back, I live my life with no regrets
(No regrets, no regrets)
