

# Truth Be Told

THEY.

Say somethin'  
Know that there's two sides to every story  
Tryna call the shots but you ain't even got the gun  
Tryna play with fire, ended up just gettin' burned

You know, you know  
Don't say that I didn't warn you  
You should let go  
Put it all out in the open  
Say we ain't talkin' no more  
Say we ain't fuckin' no more  
Go ahead and let it be known  
They gon' keep asking it  
I'm gon' keep telling 'em  
We ain't fuckin' no more  
Don't talk about me no more, shit  
I came and got what I wanted  
You don't matter no more, you don't matter no more

Tell 'em, tell 'em why, why  
Tell 'em, tell 'em why, why, why  
Tell 'em, tell 'em why, why  
(Tell 'em why, tell 'em why)

Tell 'em, tell 'em why, why  
Tell 'em, tell 'em why, why, why  
Tell 'em, tell 'em why, why  
(Tell 'em why, tell 'em why)

Tell 'em why you never ever got that diamond  
And why you only get to ride in the Impala [?]  
I'm Sorry for the timing  
Never needed that side bitch  
And That's the truth  
Way you trippin' is the proof  
Sorry, had to cut you loose  
Know that shit was overdue, overdue

You know, you know  
Don't say that I didn't warn you  
You should let go  
Put it all out in the open  
Say we ain't talkin' no more  
Say we ain't fuckin' no more  
I came and got what I wanted  
You don't matter no more, you don't matter no more

Tell 'em, tell 'em why, why  
Tell 'em, tell 'em why, why, why  
Tell 'em, tell 'em why, why  
(Tell 'em why, tell 'em why)

Tell 'em, tell 'em why, why  
Tell 'em, tell 'em why, why, why  
Tell 'em, tell 'em why, why  
(Tell 'em why, tell 'em why)
