What Have You Got to Lose

Sin and shame Guilt and pain Pride and your conceit Here and now Lay them down At the Savior's feet

What have you got to lose What have you got to lose And tell me why you're so afraid What have you got to lose What have you got to lose Think of all you have to gain

Hope and dreams And all the things That you have ever made It don't mean much If in the end You have lost your way

Let go of all you know Only then can life be found Surrender all you hold Lay it down, lay it down, lay it down
