

# Eye Conqueror

Third Eye Blind

I am the conqueror  
I taste your scent in the wind  
I set my sail but then you sink my boat  
So I begin to swim, oh  
Bash my foes until I win  
Lances smash across my chest  
That's my quest you wonder why  
I will never die  
The only thing I bleed for is you  
Oceans of love  
I've crossed them for you  
In the matrix of your garden  
I find you in bloom  
Now that you found me  
No one's gonna get around me  
I'm coming for you  
Coming for you  
Coming for you  
Coming for you  
Nothing I cannot do  
There is nothing I wouldn't do for you  
And you put me all through the worst  
I am cursed with a light that's made to burn  
That's where I shine and now you'll be mine  
Oceans of love  
I've crossed them for you  
In the matrix of your garden  
I beg your pardon  
Now that I've hardened  
No one's gonna get around me  
I'm coming for you  
I'm coming for you  
Coming for you  
Coming for you  
I am the conqueror  
Byzantine mosaic in the heat  
I am cursed, through the worst  
With a life that's made to burn that's where I shine, where I shine  
And you, you, you, you, you are mine, mine, mine, mine, mine  
Oceans of love  
I've crossed them for you  
In the matrix of your garden  
I find you in bloom  
And now that I've found you  
No one's gonna get around me  
I'm coming for you  
I'm coming for you  
Coming for you  
Coming for you  
I am the conqueror  
I am the conqueror  
I am the conqueror  
I am the conqueror  
I am the conqueror  
I am the conqueror  
Am the conqueror
