

Mine

Third Eye Blind

On my mind, I passed my bedtime
No rest at the kingdom
Alone in the place, my heart is away
All that I can think of is
We should get married, we should get married
Let's stop holding back on this
And let's get carried away

Stop making a big deal out of the little things
Cause I got big deals, and I got little things
I've got everything I'm asking for but you
Stop making a big deal out of the little things
Let's get carried away
Come right now, you know where I stay

I just wanna say you're mine, you're mine
I just wanna say that you're mine, you're mine
Fuck what you heard your mine, your mine
All I'm really asking for is you
You're mine, you're mine
I just wanna say that you're mine, you're mine
Fuck what you heard you're mine, you're mine
As long as you know who you belong to

From 8 until late I think about you
You own my nights, don't know what to do
I can't get no rest, I can't get no sleep
This whole thing's gone way too deep
And we should

Stop making a big deal out of the little things
Cause I got big deals, and I got little things
I've got everything I'm asking for but you
Stop making a big deal out of the little things
Let's get carried away
Come right now, you know where I stay

I just wanna say you're mine, you're mine
I just wanna say you're mine, you're mine
Fuck what you heard you're mine, you're mine
All I'm really asking for is you
You're mine, you're mine
I just wanna say that you're mine, you're mine
Fuck what you heard you're mine, you're mine
As long as you know who you belong to

I gotta pull up on you
You're gonna make me have to pull up on you
Don't go ghost on me I'm gonna go thriller on you
I'm just I'm gonna let my hands do the talking when I see you
Baby girl I miss feeling on you
I miss everything that's real about you
And that's everything about you
That's just how I feel about you
I've been about you and I'm still about you
But we ain't finished talking
I believe it's true

All I'm really asking for is you
