

# Ways

## Third Eye Blind

Well the truth is I'm just glad I'm here  
You don't know who that is  
But I'm headed for the ledges  
Trying to to land that trick  
Prop up, yeah that's my shit  
Talkin' ya' claim that cake  
Now let me see you talk shit (So)

You always call me dude  
You never call me by my name  
A California rude boy  
Headed for the ledges

It's just a waste  
When the days run together, I'll run away  
Ooh (It's just alright)  
Maybe you'd be fun to play with  
It's just a waste  
Where'd you get the suede suit? talk to me  
Ooh  
Maybe you'd be fun to play with

And this town of rainbows  
Sneaking into outside lands (Bro)  
And I'll stomping through the mud  
I'm all options and no plans  
Princess in the wedding  
Titties and the bellies  
Well, would they walk with me?  
Since I'm the first motherfucker to the cheese  
And I'm eager to please

You always call me dude (Oh)  
You never call me by my name  
A California rude boy  
Headed for the ledges

Trying to to land that trick  
Prop up, yeah that's my shit  
Talkin' ya' claim that cake  
Now let me see you talk shit (So)

Well you know, we're headed for the ledges  
And you know, you know that we can run  
You out there  
Yeah, you know  
We're good at jumpin' fences  
And you know, you know that we can run

You always call me dude  
You never call me by my name  
A California rude boy  
I'm headed for the ledges

It's just a waste  
When the days run together, I'll run away  
Ooh (It's just alright)

Maybe you'd be fun to play with  
It's just a waste  
Where'd you get the suede suit? talk to me  
Ooh  
Maybe you'd be fun to play with

A California rude boy  
Ooh  
I'll always be a rude boy  
Ooh
