

Weightless

Third Eye Blind

Summer, your ripped jeans are torn
Suh dude, you were screaming
I'd rather die than waste it
Open up, I wanna taste it

I never really loved anything that didn't scare me
I huck it off but everything and come up smiling
I want to get weightless
I feel so weightless

What do I do with this freedom
[?] or a death wish dreaming
Summer gods got me screaming

I never really loved anything that didn't scare me
Huck it off but everything and come up smiling
I want to get weightless
I feel so weightless

Sometimes I feel like I can't make it home
Sometimes I feel like I take all the scenery on my own
What's the cost and what have I missed
I want to get to the place where that's all there is
Sometimes I feel like I can't make it home

How many times
Has my heart
Flat lined

I think that I have lost my voice for you
I think that I've become paper thin and all see through it
From the margins to the core I want to feel it just a little more
I think that I have lost my voice for you

Do you understand me, I want to be annihilated
Perfect obliterated, oh oh you're not going to make it
All suh dudes well there just phonies and all the girls are sparkle p
onies
Do you understand me, don't let my heart go flat line

I never really loved anything that didn't scare me
So huck it off everything and come up smiling
I want to get weightless
I feel so weightless
I want to get weightless
I feel so weightless

Summer
