

Now or Never

Thirsty Merc

Hey girl
You're runnin' away from me
I can't give you any more than honesty
I must read like an old love letter
Little girl
It's now or never

We've had
Some time to learn the rules
I'm so bad at wearing other people's shoes
I really thought that we could be together
And that's why
It's now or never
(It's now or never)

And like a candle burning
Both ends are melted all through
My hourglass is turning
I can't live this life without you
And I don't care if they say
I'm off my head
Cause baby when it's now or never
It's now or never

We both know
You called my phone to speak
But I was freakin' so I turned the other cheek
I know now was less than clever
Little girl, it's now or never

If you
Could read my troubled mind
If only you could feel my heart beat overtime
I'd make it known on this earth forever
I want you
And it's now or never
It's now or never

And like a candle burning
Both ends are melted all through
My hourglass is turning
I can't live this life without you
And I don't care if they say
I'm off my head
Cause baby when it's now or never
It's now or never
It's now or never

Im not off my head
Im not off my head
Im not off my head
Im not off my head
