

## Rest Assured

## This Beautiful Mess

Go and laugh those those tears away,  
don't pretend that nothing happened.  
We've been down this road before  
no one said it would be easy

You're not crazy (2x)  
Rest assured

Someday this will all be over,  
now don't be so hard on yourself  
We can't make up for each mistake.  
The best is yet to come

You're not crazy (2x)  
Rest assured

Remember how we used to say,  
neither one of us would ever grow old  
Remember promises we made,  
neither one of us would ever change  
But everthing's changed.  
Still I am here for you.  
Rest assured
