

Heaven

This Century

I got lost on the speared cross
Threw flame far away but the fear of the fall
is coming to get me, is coming to get me
Shake me out of these things that I've done.
The dust in my eyes has a burn in the sun
is coming to get me, it's coming to get me

Heaven go easy now on
Heaven go easy now on me
Heaven go easy now oo
Heaven go heaven go easy on me

Help my scars go and write me off.
Mistakes that I've made are the same of us all.
They're coming to get me, oooh they're coming to get me.

Heaven go easy now on
Heaven go easy now on me
Heaven go easy now oo
Heaven go easy now on me
Heaven go easy now oo
Heaven go easy now on me
Heaven go easy now
Heaven go, heaven go easy
