

All in Cahoots

This Is the Kit

Just because they got away with it
Doesn't mean to say that we will too
Probably the opposite in fact
Probably the opposite in fact
Probably the opposite is true

And they try it too, had they not been told not to
They both try it too, 'cause they've not been told not to
But who has been teaching you
Who has been teaching you
Who has been teaching you

Neither of us to be trusted, are you?
No one gets let through, both in cahoots
What a duplicitous two
What a duplicitous two
What a duplicitous two

Who has been teaching you
Who has been teaching you
Who has been teaching you
