

Goodbye Bite

This Is the Kit

You have been here with me seen not seen
You have been here with me seen not seen
Gnawing on your big shins
What it takes to see
The good in things
The good in things

This is a how shit is this measuring stick

Wish bone broke
Yes, you did
No, you won't
Up in smoke
Wish bone broke
Dancing death
People left

Back out again
Black out curtains
Goodbye bite
Open your eyes and smile
Open your eyes and smile

Hold out your how sick was it measuring stick
This is your how shit is it measuring stick
None of your business, is it?

Hopeless, home sick, hopelessly stick
Homesick, hopeless, hold up your stick
