

## Keep Going

This Is the Kit

He had a peace  
The earth speaking up through his feet  
Underneath  
Up through the darkness it speaks

The power in the naming  
The story is the telling  
Potential in the waiting  
Movement is deciding  
Forward is the doing  
Keep going

Dropping like flies  
Infectious infection disguised  
Seven layers of skin  
Picking a scab to get in

This love has been ours  
This love is ours  
This love is still ours  
This love has been ours  
This love was ours  
This love is still ours

He had a peace  
The earth speaking up through his feet  
Underneath  
Up through the darkness it speaks

This love is still ours  
This love was ours  
This love has been ours  
This love has been ours  
This love was ours  
This love is still ours

The power in the naming  
The story is the telling  
Potential in the waiting  
Movement is deciding  
Forward is the doing  
Keep going
