

Magic Spell

This Is the Kit

Say the magic words
Say the magic spell
Dee-deet-de dee...

And they allowed themselves to sleep
But what a lucky three had been set free
Then they woke up in the dust and the heat
Landed lizards rocks and knees that creaked in the heat
But it was remarkable
Rare and remarkable

So go on: say the magic words, say the magic spell
She said, If you ring us up, you let us tell, magic spell
So time to pick yourself up, off your rusty dusty

So go on
