

## More Change

This Is the Kit

Friend

When you needed a friend  
Heart hanging got torn again  
Step ladder got down again  
Light bulb life changing found a friend

Shove

Shovel the bones away  
Love human remains remain  
Realising it progress made  
Claw sanity back again

If we're holding hands  
Will we walk at the same speed  
If we're holding hands  
Will anybody see  
If we're holding hands  
Will we manage not to laugh  
If we're holding hands  
Will the tug tear us in

Two years turnaround  
Two years doesn't count  
Today there was progress made  
More change more it stays the same

If we're holding hands  
Will anybody see  
If we're holding hands  
Will we walk at the same speed  
If we're holding hands  
Will you promise not to laugh  
If we're holding hands  
Will the tug tear us in half

Friend

When you needed a friend  
Heart bind it back up again  
Words written down progress made  
More change more it stays the same
