

## See Here

### This Is the Kit

Silent came a struggle, came silent, came silent struggling  
Silent came a struggle, came a struggle, came silent silently

See. See here. See. See here  
See. See here. See. See here

How she climbed over, climbed over, climbed over all the way  
How she climbed over, climbed over, and made her escape

See. See here. See. See here  
See. See here. See. See here

Fell down, waded through it, waded through it, waded through it  
after her  
Fell down, waded through it, waded through it, waded through it  
after her

See. See here. See. See here  
See. See here. See. See here
