

She Does

This Is the Kit

There's a certain things she does
And I hold it close to me
And then it dances on my knee
What she does

She's as wise as she can be
And she teaches me to be
And when I'm hot she cools me

When it's calm she'll sing to me
When it's not we'll sing to her
Oh sweet harmonies that she does

And when she's talking and asleep
She's as happy as can be
When I ache she soothes me
