

Show Me So

This Is the Kit

Walk me 'round town
And tell me so
And show me so
So that I know
So that I know
So that I know
That we have a home

Was holding this
Was letting go
Was open closed
Was open closed

The time it takes
The taking in
Of toxins
The vomiting
The heat in your skin
The shock soaking in

Was shot to shreds
Will filter out
Will heal itself
Grow back again
In the end
In the end

So walk me 'round town
And tell me so
And show me so
So that I know
That we have a home
