

## Sleeping Bag

This Is the Kit

Today I woke up worried  
And was lonely through and through  
With weepiness and weariness  
And things I had to do

But there you are  
And in your arms  
My sleeping bag is you  
No longer sick and worrying  
My home again is you

Oh, where'd you learn that patience with me  
How's your heart so true  
Your dragon eyes are blinking at me  
Home again is you  
Your dragon eyes are blinking  
And my home again is you

And there you are  
And in your arms  
My sleeping bag is you  
No longer sick and worrying  
My sleeping bag is you
