

Sun Is Colder

Thom Artway

Sun is colder
My lost and only boy

I'm the bug in their minds
With the way I'm gonna find
With the way I'm gonna find...

I will always be
I will always be
That smile in your head

I will always be
I will always be
That smile in your head

Sorry mother
Forgive me brother
New morning, new morning
Released my heart

Sorry mother
Forgive me father
I'm far away, I'm far away
From your home

I will always be
I will always be
That smile in your head

I will always be
I will always be
That smile in your head

Should I be laughing at a cemetery
To prove I'm really happy
To prove I'm really happy

Wind is over
My lost and only friend
