Cymbal Rush

Thom Yorke

Try to save it but it doesn't come off the rock Try to build a wall that is high enough

It's all boiling over a All boiling over

Try to save your house Try to save your songs Try to run But it follows you up a hill

It's all boiling over All boiling over Your little voice Your little voice

No more conversation No more conversation You should took me out when you had the chance You should took me out when you had the chance All the rooms were numbered And the losers turned away Don't turn away Don't turn away
