Harrowdown Hill

Thom Yorke

Don't walk the plank like I did You will be dispensed with When you've become inconvenient In the harrowdown hill Where you went to school That's where I am That's where I'm lying down Did I fall or was I pushed? Did I fall or was I pushed? And where's the blood? And where's the blood? I'm coming home I'm coming home To make it all right So dry your eyes We think the same things at the same time We just cant do anything about it So don't ask me Ask the ministry Don't ask me Ask the ministry We think the same things at the same time There are so many of us So you can't count We think the same things at the same time There are too many of us So you can't count Can you see me when I'm running? Can you see me when I'm running? Away from them I can't take their pressure No one cares if you live or die They just want me gone They want me gone I'm coming home I'm coming home To make it all right So dry your eyes We think the same things at the same time We just cant do anything about it We think the same things at the same time There are too many of us So you can't count It was a slippery slippery slope It was a slippery slippery slope I feel me slipping in and out of consciousness I feel me slipping in and out of consciousness
